CUT SHEET BURSTER

Standard Features

- Electronic Length Settings: Provide for quick and easy setup
- Side Guides: Adjustable to different form widths
- Adjustable Feeding Pressure Lever: Accommodates different paper weights
- Operator-Friendly: Push-button controls feature start/stop, jog switch, and electronic tenth setting
- Top-loading feed system
- Examples:

One pass

Two passes

Options:

- Belt conveyor stacker: Provides neat, sequential stacking of burst forms

The FD 4150 (FD 415) Cut Sheet Burster is the ideal finishing solution when multiple forms are printed on one page. Direct from a laser printer to the FD 4150 (FD 415), pre-perforated forms are automatically burst at the perforation and stacked sequentially at speeds of up to 140 sheets per minute. No more cut sheet bursting by hand!

Specifications:
